LOW VOLTAGE ENGINEER

PROFILE SUMMARY

Electrical and Electronics Engineer focused on design and implementation of surveillance system. Skilled in CCNA, routing, switching, LAN, WAN, networking and other IP services Excellent interpersonal and communication abilities with the goal to build strong and long-term relationship with an organization.

WORK EXPERIENCE

A. Project Engineer at Digilog Technologies Pvt Ltd deployed as Resident Engineer at ISTRAC-ISRO Lucknow, India

Dec'2018 - present day

1. As site project engineer, I am responsible for successful completion, installation, commissioning, test & evaluation and operationalization of 70+ IP based CCTV cameras, including cabling, networking, server and storage system and Access Control System (ACS) at ISTRAC Lucknow
2. Performed electrical design for low voltage systems like CCTV, Access Control System, automatic Boom Barrier system, etc.
3. Implemented regular alerting and monitoring of network performance
4. Axis camera configuration and maintenance & Installation of Milestone Systems Video Management Software (VMS) - Milestone XProtect
5. Maintaining data storage in NetApp and taking record on daily basis
6. Handling Fujitsu server Primergy
7. Designed network architecture to ensure security, backup, failover and alerting

8. Assured proper documentation of technical data generated for the assigned projects as per engineering policies and procedures
9. Configuring and installing various network devices and services
10. Provided support and troubleshooting to resolve issues
11. Conduct day-to-day project coordination, planning, and implementation across multiple teams

Projects :

- Executed successful installation, design and implementation of 35+ IP based CCTV cameras and access control system in ISTRAC ISRO, Lucknow - 2022
- I am responsible for planning, designing, implementation and installation of network architecture for creation of Wi-Fi Campus for 1000+ computer systems in Hygia Institute of Pharmaceutical Education & Research, Lucknow - 2021
- I was involved as a core team member in upgrading and maintenance of 130 CCTV cameras in ISTRAC ISRO, Peenya, Bangalore Campus - 2020
- I have been involved in execution of installation of 100+ Axis CCTV cameras in Semi-Conductor Laboratory (SCL), Mohali - a research institute of Department of Space, Government of India (GoI) - 2019
- I am responsible for design, implementation and installation of 35 Axis CCTV cameras in ISRO Telemetry, Tracking and Command Network (ISTRAC), Lucknow - 2018

B. Electrical Engineer at Modern Solutions, Lucknow, India

Jan'2018 - Sept'2018

- Supervise the electrical section in maintenance, provided assistance with troubleshooting, issue reports on major failures and recommend suitable actions to minimize or eliminate the recurrence of problems
- Prepared product reports by collecting, analyzing and summarizing information and trends
- Provide engineering information by answering questions and requests

- Kept equipment operational by following manufacturer's instructions and established procedures, requesting repair service
- Completed projects by training and guiding technicians
- Acquired professional and technical knowledge by attending educational workshops, reviewing professional publications and establishing personal networks

EDUCATIONAL QUALIFICATION

- **Bachelor of Technology (BTech) in Electrical & Electronics Engineering (EEE) - 66% - 1st DIVISION**

Maulana Azad College of Engineering & Technology (MACET),
Patna

Aug'2013 - Nov'2017

- **Intermediate - Class 12th - 67% - 1st DIVISION**

MHS College, Magadh University, Patna

Apr'2012 - Mar'2013

- **Matriculation - Class 10th - 70% - 1st DIVISION**

Baldwin Academy, Patna

Apr'2010 - Mar'2011

SKILLS

1. Project Management attributes
2. Networking of various devices including network switches, IP based devices over LAN & WAN
3. Conversant with MS Office tools including MS Word, PowerPoint and Excel
4. Hands on experience of AutoCAD and C++ programming
5. Testing and issue resolution of CCTV, ACS, and other network devices, automatic boom barriers, etc.

TRAINING & CERTIFICATION

- Milestone Technical Configuration 1 (Video Management Software), Mumbai
- Cisco Certified Network Associate (CCNA) - Valid from Jun'2022 - Jun'2025
- AutoCAD - Computer Foundation Pvt Ltd, Patna
- Vocational Training at NTPC Barh (Bihar)

WEBINARS

- Participated webinar of CP Plus on IP Vertical Solution - Industrial Solution Including Oil & Gas Industry
- Participated webinar of CP Plus on IP Products & Solutions
- Participated webinar of CP Plus on Vertical Solutions - Real Estate & Campuses

STRENGTHS

- Problem solving attitude
- Good relationship building and interpersonal skills
- Commitment towards work
- Sincerity and self-confidence
- Quick adaptability to challenging situations

PERSONAL PROFILE

Father's Name - Rizwan Rizvi

D.O.B. - 21st October, 1993

Marital Status - Single

Nationality - Indian

Religion - Islam

Languages Known - English, Hindi, Urdu

Hobbies - Travelling, Car enthusiast, Reading, Playing games

PASSPORT DETAILS

Passport Number - P2448648

Issue Date - 7th December, 2016

Expiry Date - 6th December, 2026
